

Tracking of notices sent under Section 13(2) by Registered Post / Speed Post

Normally, notices sent by Registered Post / Speed Post (Acknowledgement Due) are served within a reasonable period of 7 days or so. Instead of waiting for acknowledgements or undelivered-notice reports, track delivery on the India Post website.

Step 1. Open <http://www.indiapost.gov.in/> (the current India Post tracking page).

Step 2. From the menu choose **Tools**, then **Track consignment** (Track All Mail Items).

Step 3. Enter the 13-character consignment number (Speed Post / EMS e.g. EE123456789IN; Registered Mail e.g. RX123456789IN) and press **Go**.

Step 4. The result shows booked at / booked on / delivered at / delivered on. Take a black-and-white print for the file.

Step 5. Click **Details** for the detailed track events (booked, bagged, despatched, opened, delivered). Print and place in the file.

If not satisfied with the status, a complaint can be lodged on the site; the Post Office is understood to reply within 5 days. Keep any acknowledgements received. As a precaution, obtain a signed service report from the concerned Post Office and keep it on record.
