

Tracking of notices sent by e-mail under Section 13(2)

Under Rule 3 of the Security Interest (Enforcement) Rules 2002 the demand notice may be sent by e-mail. Wherever e-mail addresses of the obligants are available, send the Section 13(2) notice by e-mail also.

Print the e-mail as sent to each obligant and keep it in the file. If Read Receipt / Delivery Receipt is activated, also print the receipt message: it is the most important document to prove in court that the e-mail was delivered.

To activate receipts in Microsoft Outlook:

Step 1. Tools menu, then **Options**.

Step 2. Under E-mail, click **E-mail Options**.

Step 3. Under Message handling, click **Tracking Options**.

Step 4. Tick **Read receipt** and/or **Delivery receipt**.

(Menu names are those of the Outlook version in the circular; newer versions place the option under File > Options > Mail > Tracking.)
